

South Thames
Paediatric Network

Transforming Healthcare for
Children and Young People

Have you or your child been transferred to another hospital during your hospital admission?

We would love to hear about your experience through our survey for patients and families!

This will help us understand how we can improve the services that are provided to children and young people across South London, Surrey, Sussex and Kent.

The survey is anonymous and confidential. It will only take you a few minutes to complete. Please note if you were transferred by the South Thames Retrieval Service (STRS) we would ask that you fill in their feedback form.

Thank you for your help!

How do I access the questionnaire???
